Floral Sympathy Collection

At a time of loss, flowers can be both a mark of respect and a gesture of comfort. A floral tribute is a poignant way to express your feelings and communicate your sympathy.

The designs included in this brochure act as a guide and offer style suggestions that can be adapted using flowers of different colours or varieties to help convey your personal message.

Every arrangement is specially hand-made to your requirements, using only the finest quality fresh flowers. Unlike some, we do not purchase nor use second grade left over flower stock in our sympathy tributes. Our aim is to provide the very best quality flowers and floral design, without compromise!

In addition to the many styles illustrated, we also provide a personalised design service creating unique tributes based on almost any theme which may have a special meaning for you and your loved one.

Should you require any help or guidance in choosing designs or arrangements, please don't hesitate to call or visit us for a personal consultation. Home consultations are also available upon request at no extra charge.
