— TRADITIONAL FUNERAL SERVICE —

This is the most flexible service we provide, giving you the opportunity to personalise the funeral to your exact requirements. It consists of six main parts as follows.

1. OUR PROFESSIONAL SERVICES

Our staff are available 24 hours a day, 365 days a year to respond to your initial call.

Our services can include:

- Meeting with you, either at our office or in your own home, to discuss your requirements and put in place all arrangements for the funeral, assist with the completion of statutory documentation and offer advice on certification and registration, ensuring the necessary documentation is obtained and delivered to the appropriate authority.
- Liaising with crematoria, burial authorities, clergy, celebrants, organists and other venues in order to organise the funeral date and time.
- Drafting and placing announcements in newspapers as required and setting up online announcement and tribute pages with an option to donate online to U.K. charities and churches. If a charity is registered, it is possible to add GiftAid to a donation when donating online.
- Drafting and arranging with a local independent printer for memorial service leaflets and funeral stationery, with proofs provided before printing.
- Ordering, receiving and handling of floral tributes.
- Collecting and administering charitable donations.
- Arranging reception venues and/or caterers as requested.
- Administering payment of the disbursements (third party fees) on your behalf.
- The Funeral Director co-ordinating and directing the funeral. We will provide the necessary support staff, equipment and bearers if required. We can also provide pre-recorded music.
